O/Ref: N° 002936 / BEA / INV

Subject: **Appointment of an accredited representative and technical advisors**
Accident to AEROSPATIALE - AS350 - B2 / N207CH on 22/05/2017 near
Juneau, Alaska(Herbert Glacier), USA (Alaska).

Dear M. Hodges,

Thank you for the notification that you sent to the BEA concerning the
aforementioned accident. In accordance with the provisions of Annex 13, we
have appointed as accredited representative:

- **Bernard BOUDAILLE**, BEA investigator,

He will be assisted by the following technical advisors:

- Michel Martin, safety investigator, Airbus Helicopters;
- Vincent Lassus, safety investigator, Airbus Helicopters;
- Seth Buttner, safety investigator, Airbus Helicopters USA;
- Bryan Larimore, safety investigator, Safran Helicopter Engines USA;

Bernard BOUDAILLE does not plan to travel to the site of the incident but
remains at your disposal for any assistance you may require.

Our technical advisors remain at your disposal for on-site assistance if required.

You may contact Bernard BOUDAILLE by phone or e-mail:

Unless you instruct us otherwise, we will publish on our website the
information that the United States - NTSB is opening an investigation on this
accident, with the participation of the BEA. This information would appear on
our weekly list of newly opened investigations and would include the summary
of circumstances you have provided us in your notification.

Best regards,

Damien Bellier
