

**A160 . LODA for Part 135 Rotorcraft Operations Without a
Radio Altimeter**

HQ Control: 02/15/2017

HQ Revision: 000

- a. The certificate holder is granted a deviation from Title 14 of the Code of Federal Regulations (CFR) Part 135, § 135.160, with the conditions and limitations of this Letter of Deviation Authority (LODA).
- b. The certificate holder is authorized to conduct rotorcraft operations without the radio altimeter equipment required by § 135.160(a) using the rotorcraft listed in Table 1 below.

Table 1 - Authorized Rotorcraft

Make/Model/Series	Registration Number
R-44-II	N4138M
R-44-II	N4237W

- c. The certificate holder must not conduct any operations under this deviation authority unless the following additional conditions and limitations are met:

- (1) The certificate holder is not authorized to conduct night vision goggle (NVG) operations while conducting operations under this deviation authority.
- (2) The certificate holder's approved pilot training program must contain training methods for recognizing and avoiding conditions conducive to whiteout, brownout, and flat-light conditions.

1. The Certificate Holder applies for the Operations in this paragraph.
2. These Operations Specifications are approved by direction of the Administrator.

Digitally signed by Thomas P. Johnson III, Principal Operations Inspector (AL09)
[1] SUPPORT INFO: CH applied for deviation to 135.160
[2] EFFECTIVE DATE: 3/10/2017, [3] AMENDMENT #: 0
DATE: 2017.03.10 13:19:52 -06:00

3. I hereby accept and receive the Operations Specifications in this paragraph.
