

RECORD OF CONVERSATION

Noreen Price
Aviation Accident Investigator
Alaska Regional Office

Date: June 12 and 20, 2018
Persons Contacted: Michael Haisten, friend and pilot
NTSB Accident Number: ANC18FA044, N1203A PA-18

Narrative: Mr. Haisten was a friend of Mr. Huffman who was familiar with his flying habits. He was interviewed by telephone. This is a summary of his statements.

Mr. Haisten is the Director of Maintenance at Harris Air. Mr. Huffman flew him around occasionally. On the Friday before the accident, Mr. Huffman flew he and his wife in the Cessna 185 on floats to a lake. He stated that Mr. Huffman flew that airplane "right up to the limit of its capabilities," but was a safe pilot.

He was familiar with the accident airplane because he installed the floats in early May. The airplane was in good condition. The airplane had been in Wasilla for a while and most maintenance was done there. The logbooks were very organized.
