Hi David,

I hope you are doing well.

I am working on finishing up the accident report with N363JH.

I have copies of the Bering Air Operations Manual and Training Manual. I did want to request – can you please send me electronic copies of the separate documents (such as presentations, handouts, etc.) Bering Air uses to train about the effects of fatigue on performance, fatigue avoidance strategies, and fatigue countermeasures for their pilots?

Thank you and happy new year.

Mike
