NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Departed PA HN at Approx. 1400 enroute to PA JN. Entered Juwau Airspace and Attempted to put gear down. Gear did not come down. Called tower and ATIS told them I had a gear issue and would like to head outbound and assess what was wrong. I attempted to pump gear down. Pumped a couple times and then felt like it was pumping air. ~~Ex~~ Mains were about 25% down and would not come down. I attempted steep turns to get the gear down, but to no avail. I determined gear was not going to come down and proceeded inbound to land. Note: Nose gear was down.
