NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

We departed PATK @ 10:30pm ^{with ATIS} bound for PAAQ; made a landing at PAVS and then headed to PAVO for a few touch and goes. We over flew the runway and determined the winds were calm according to the sock so we entered a right pattern for 31. We made a successful landing and taxied back to the threshold for another. After climbing out to 1,000ft I began my crosswind turn, then downwind. I lost my horizon and became disoriented at which time I believe John took the controls and impact occurred seconds later.
