Eric Swenson
Aviation Accident Investigator
Anchorage, AK (Alaska Region)

Date: 04/14/2020
Person Contacted: Kevin Wyckoff
NTSB Accident Number: ANC20LA043

Narrative:

The following is a summary of a conversation that occurred with the recovery crew:

- When they arrived they did not smell any fuel
- Both wing tanks were found empty (the unusable fuel was also not located)
- The cross fuel tube had been pulled and they were unsure if that happened during the accident or after
- He had overheard that there had been fuel dripping on the lading from the right wing
