**Description of Damage to Aircraft and Other Property** *(Use additional sheet if necessary)*

**NARRATIVE HISTORY OF FLIGHT** *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

My flight originated at Honolulu International Airport (PHNL). I topped off my fuel and did my preflight with no issues. I was cleared out of the bravo for the Freeway 2 departure. I departed at approximately 10:40am HST. Once up with departure I requested flight following to Lanai at 3500 ft. I continued to Lanai with only minor altitude deviations for cloud clearance. Just before 11:30am HST I approached the airport at Lanai. There was an aircraft already in the pattern, doing touch and gos on runway 3. There was another aircraft (N3927) a few miles behind me also heading to Lanai for pattern work. I approached the VOR from the west and turned for a long final to the runway. At that point everything on the flight had gone smoothly, including my approach into the airport. As I was touching down I was hit with a gust of wind. It knocked my left tire onto the ground and caused me to yaw and roll left. Once my other tires settled and I started rolling towards the left side of the runway. I tried to correct with rudder but it wasn't effective enough to keep me from rolling off the runway. Once I was on the grass I tried to control the plane and slow it down, but before I could do that I hit the dirt access road that runs alongside the left side of the runway. Because it dips down, it caused my nose gear to collapse and break off, which in turn caused the aircraft to flip over. I then made an emergency call and exited the aircraft.
