Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

The aircraft was substantially destroyed. No known damage to other property.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

** I am completing this report as the representative of the aircraft owner. I did not witness the accident but have completed this report with the information I have available to the best of my ability.

On the morning of April 15, 2022 after briefing with his instructor, Student pilot Christian Serrano departed on a solo cross flight in R22 N7516G. The flight was planned for CHD-E63-A39-CHD. The pilot departed CHD at approximately 7:55am and appears to have flown the planned route towards E63. When the pilot was assumedly on final approach to E63, for some reason he lost control of the aircraft, and experienced a very hard landing approximately 150' from the approach end of the E63 runway 22. Time of the accident was approximately 8:45am and the pilot sustained fatal injuries from the impact of the landing.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

At this point we are puzzled and frustrated by what may have caused this accident. We are awaiting full investigation.
