Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Departed Merrill field for landing practice at Willow airport, landed at Willow for about 30 minutes, took off again and made two more landings then departed for Birchwood Airport for one more landing before the planned return to Merrill field. I entered the right downwind pattern at Birchwood airport (PABV) for runway 20R and landed normally on center line, while lowering the nose wheel to the ground the airplane unexpectedly swerve hard right, I was unable to recover in time and impacted the hard snow on the side of the runway, the airplane flipped over and ended up upside down.
