Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Aircraft rudder and vertical, propeller strike, and right and left wing damage. No other property damage.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

I departed Big Lake airport at approximately 0757 hours and conducted two touch and go landings at Big Lake. I then flew to the Susitna River and made several stop and go landings on gravel/sand bars on the Susitna River and Yentna River. When rolling out on landing at approximately 0915 hours on a sand bar on the Yentna River, I struck a low soft spot in the sand bar and went over forwards on to the back of the aircraft causing a propeller strike and damaging the wings, vertical, and rudder. I was the only occupant of the aircraft.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

I should have been more prepared and anticipated the softness and uneven terrain of the sand bar. I believe I may have been too hard on the brakes combined with a light aircraft and soft landing surface causing the accident.

MECHANICAL MALFUNCTION/FAILURE (If more space is needed, continue on separate sheet)Was there Mechanical Malfunction/Failure? ☐ Yes ☒ No
