

Mark Ward
Aviation Accident Investigator
AS-ANC

Date: 12/11/2025

Subject: ANC24FA008 Radio call and phone records

Shortly after the accident the NTSB investigator-in-charge was advised of a radio or phone call that stated, "I need to get this airplane on the ground;" however, the statement could not be substantiated.

The pilot and passenger phone records were reviewed with a representative from AT&T. No phone calls were made or any texts sent from either phone during the flight.
