Email Report Instructions

The narrative and attachments from this email report may be used in other reports at the discretion of the IIC. This email, including attachments (if applicable), should also be placed in the public docket by the IIC.

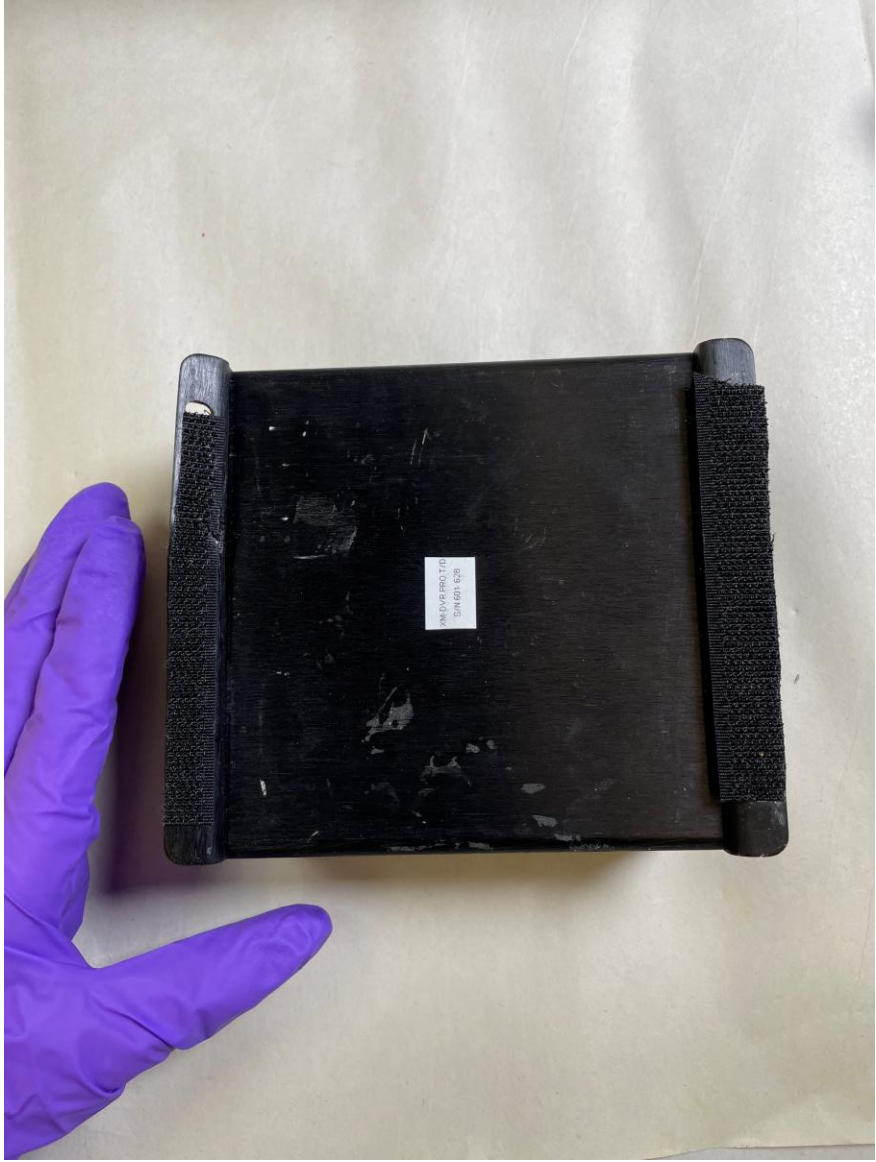

Email Report

The Vehicle Recorder Division received a Datatoys XM-DVR Pro (s/n 601-628). The device arrived exhibiting minimal damage ([IMG_0020.jpg](#) and [IMG_0019.jpg](#)). The internal memory component of the device ([IMG_0044\[1\].jpg](#)) was read using laboratory hardware. The recovered data was downloaded using the manufacturer's software.

The device contained undated video files showing the aircraft on floats. The aircraft was equipped with wheels during the accident flight. No accident-related data was recorded by the device.
