Contact: Ken Kozlowski

Mr. Kozlowski is the mechanic who performed the landing gear change in October 2023 on N1718R. He stated that he did not recall the details of the landing gear change; including the hardware used during the change. When asked why there was no entry made in the maintenance logbook for the landing gear assembly change, he said the owner never provided the logbooks for him to sign.

Mr. Kozlowski stated that when he changes the landing gear, all the hardware is placed in a bag and given to the owner; he uses the hardware provided by the owner for installing the landing gear.
