NTSB No.: CEN13WA405
Date: May 30, 2013
Location: Lagunillas, Jalisco, Mexico
Make/Model: Piper PA-32R-301T (s/n 3257206)
Registration: N371HP

On May 30, 2013, about 0830 central daylight time, a Piper PA-32R-301T, United States registration N371HP, was substantially damaged during a forced landing following a loss of engine power near Lagunillas, Jalisco, Mexico. The pilot was fatally injured, and the four passengers were seriously injured. The airplane was registered to Adams Aviation Services Inc. Trustee. The flight departed the Puerto Vallarta Airport (MMPR), with an intended destination of the Guadalajara Airport (MMGL).

The accident investigation is under the jurisdiction and control of the Dirección General de Aeronáutica Civil (DGAC). This report is for informational purposes only and contains information released by or obtained from the government of Mexico.
