threatened in any manner to give this statement to Trooper COLE.

at App. 3:00 PM was on final descent into
a grass runway behind my house. it was
gusting wind. The plane is a challenger II,
N128DS. was low and slow coming in
at about 35/40 mph, come over fence and
I touch top strand of wire causing the plane
to pull to the right & strike some piled
up fence row clipping with right wing
and plane hit ground collapsing left landing
gear. Got out cut off fuel, turned off ignition
and walked up to my house at which time
local police & firemen were showing up.
