

RECORD OF CONVERSATION

John M. Brannen II
Senior Air Safety Investigator
Central Region

Date: 8/13/2014
Person Contacted: Dale Eilo
NTSB Accident Number: CEN14CA426

Narrative:

I spoke with Mr. Elio via telephone regarding a helicopter accident that happened in Lancaster, WI. Mr. Eilo reported that he hit a wire while conducting an aerial application flight. When asked, he said that there were no problems with the helicopter before the wire strike and that he simply did not see the wire. He then asked if the helicopter could be moved and I provided verbal authorization.
