NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State time and point of departure, intended destination, and services obtained.

Left my private strip at approx. 7:00 PM CDT for a flight around the countryside. Flew east around Philo, IL area and proceeded N.E. to Saint Joseph, IL area. Flew over Dale Busboom's RLA and turned south to return to my airstrip. We were flying south over the Salt Fork river at 1200' MSL and the engine died. I turned west to land in an open bean field. The setting sun blinded me and I hit the power lines and broke them. Aircraft stalled a few feet above the ground and left wing hit and spun us around about 180 degrees and we were on the ground at 7:35PM CDT. The bean field was open and flat.

RECOMMENDATION (How could this accident/incident have been prevented?)
