

RECORD OF CONVERSATION

Joshua Lindberg
Air Safety Investigator
Central Region

Date: 7/10/14
Person Contacted: Paul Freeman – NTX FSDO
NTSB Accident Number: CEN14LA350

Narrative:

During a telephone conversation with Inspector Freeman he stated the following:

- The airplane was a Piper PA28R – N9469N
- The airplane hit trees and the wing separated during impact
- The pilot was flying from Mt. Vernon to Winnsboro. Possibly for an annual inspection
- Witnesses described the airplane flying low and the engine didn't sound right
- There did not appear to be any fuel on the ground near the airplane
- There was no obvious smell of fuel
- Both fuel tanks were damaged during impact
- The pilot had a denied medical certificate
- He was taken to the nearby hospital for serious injuries
