Subject: Aircraft accident on 1/11/2015 involving N82828.

Telephone Interview with Mr. Tim Asmussen

Mr. Asmussen stated that at around 1:00PM on Sunday the 11th of January 2015 he was at his residence located at [REDACTED] (directly across from 148th). He was outside, coming around the back of his house, when he suddenly heard an aircraft approaching rapidly. He didn't have much time to see the aircraft as it was traveling at a high rate of speed and an estimated altitude of 500 feet or less. Mr. Asmussen stated the aircraft was headed West and banking North. He stated the bank angle was not extreme. He stated, "He was really giving it hell" and the engine sounded fine. Mr. Asmussen stated he is used to aircraft flying in his area but stated, "We don't normally see them that low". He re-emphasized that the speed of the aircraft and sound of the engine was really loud.

Mr. Asmussen's residence is approximately 2.5 miles from the accident scene.
