The screenshot displays the NAS Monitor software interface. At the top, a menu bar includes 'Alerts', 'Weather', 'RAPT', 'Reroute', 'FEA/FCA', 'CTOP', 'Tools', and 'RVSM'. A 'Custom NAS Monitor (Relative Time Range)' window is open, showing a table of flight data. The table has columns for flight number, date, and various time slots. The data is sorted by area. A 'Replay Control Panel' is visible on the left, showing a date of 07/26 and a time of 20:14. The main map area shows a dark background with white lines representing flight paths and various colored markers (blue, orange, green). A 'Replay: 2014' window is open at the bottom left, showing a date of 07/26 and a time of 20:14. The bottom status bar includes 'Applications', 'Places', 'System', and a taskbar with various icons.
