STATEMENT: (WITNESS MUST SIGN AT END OF STATEMENT)

When I was pulling out of my parents drive way I heard what sounded like crunching metal. When I turned in the direction of the sound I saw what first appeared to be a car, yet upon further inspection found it to be a plane, only the pilot was visible. My neighbors wife then handed me her cell phone with 911 already on the line. I then gave them the information they asked for then returned her cellphone. Then attempted to give what aid I could when the paramedics arrived.
