NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State time and point of departure, intended destination, and services obtained.

After took off from KABI, Nothing strange about aircraft.
while passing KETN about 10 miles east 5,500 feet,
I heard knocks sound two times from engine (nose)
And then propeller stop (engine stop). I check the
temperature and oil pressure but it's normal.
So carb heat on and change fuel selector but
engine was not work. I told my situation to ~~ft~~/north
center while descending fast. It was so dark so
I couldn't see. First I avoid a big tree. I thought
If I hit something, I gonna be worse. So I pitch
down and make touch down as soon as possible.

RECOMMENDATION (How could this accident/incident have been prevented?)
