

Communication Summary

5/12/2016

Information From: George Haralampopoulos, Recorder Lab

Summary & Factual Information: Mr. Haralampopoulos was asked to recheck the cell phone to see if the pilot made a phone call during the accident flight. He redownloaded the device and confirmed that a call was made the night before. The duration was 30 seconds to a minute. Mr. Haralampopoulos indicated that the content was not recovered.

I can attest that the above summary is correct to the best of my knowledge:

Edward F. Malinowski
National Transportation Safety Board
Air Safety Investigator
