Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Bent landing gear, nose and main, bent engine mount, bent firewall, shattered canopy, cracked windshield, damaged wings, damaged engine cowling, damaged vertical stabilizer and rudder. Bent propeller, damaged spinner, bent fuselage behind wing both sides. Damaged wheel fairings.
Don't know if land owner has any claim of damage to his plowed field.
Thumb towing moved airplane to Y83.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

Departed 57D at approximately 1:15 pm, flew to 77G Marlette, landed runway 27, taxied back to depart runway 27, flew to Y83 Sandusky City, landed runway 27, taxied toward new terminal building to observe progress of construction. Departed runway 27 and headed toward Lake Huron shore and Port Sanilac, flew up to Harbor Beach and back down toward Port Sanilac. We were heading to return to 57D when noticed an odor, checked oil pressure and oil temp gauges and realized loss of oil. Realizing that i could not make any grass strip in the area, I set up to land on a dirt road. As I was nearing touchdown, I saw cross traffic towing a trailer and I had a stop sign. Not knowing if I could stop before the stop sign, I turned to the left to the plowed field. Must have banked too much and not pulled the nose up enough. the plane touch down hard and then flipped over.
