

Mitchell Hendrickson [REDACTED]

N17H Incident

Mitchell Hendrickson [REDACTED]
Draft

Fri, Aug 12, 2016 at 12:04 PM

Hello sir I am writing to you in regards to the helicopter accident.

My name is Mitchell Hendrickson I was on site five minutes after the crash. Upon coming to the helicopter there was no evidence of fuel leakage or tank rupture. After the pilot was brought to safety, I and my brother Cameron Hendrickson took the fuel tank cap off and checked for fuel. We did not see any. We then pressed the carburetor bowl strainer and did not see any fuel come out.

If you have any more questions you can contact us back at this email or at [REDACTED]
