ON NOV 13, 2015 I flew in the morning. Then I went to Alpi, We, Tx Airport (E38) to get fuel in the trailer. I got 400 LL from the self serve pumps at the FBO.

I went back and we flew again in the afternoon and we were running hops and that is all I remember.

I have been flying R-44 Four years with 250 hours. I have 900 hours total time. I have 5173 ENDORSEMENTS. I can provide copies of my logbook
