who, after being by me duly sworn, deposes and says:

We were going into Stephenville from Granbury and saw the plane come over us way to low. I told my husband this isn't good. He came low and hit the house trailer and then the ground. The father went through the windshield and rolled around sitting up. He ran back and forth - he was in shock. We went to see if we could help. My husband helped take the remainder of the campy off the plane and keep telling the son he was gonna be ok. We stay until medical help arrived.
