

RECORD OF CONVERSATION

Jason Aguilera
Senior Air Safety Investigator
Central Region

Date: September 1, 2016
Person: Pierce Yerace
NTSB Accident Number: CEN16LA342

FAA Inspector Pierce Yerace responded to the accident site of N47164, a Fairchild PT19 airplane, that impacted trees near Madison, Ohio. Inspector Yerace made the following observations:

The accident occurred on August 30, 2016, at 1950 hrs local time. The flight conditions were clear and dry. We were notified on August 31 on the accident and dispatched to the scene. The pilot stated the aircraft would not climb with full power after takeoff and crashed into the trees about 1/2 mi. from the runway.

The flaps were in the down position at the crash scene, and pilot stated that he takes off with the flaps in the first down position. Aircraft checklist states before starting engine, flaps "UP".

Aircraft: N47164, 1942 Fairchild, PT-19, Model: M-62A-3

Engine: Fairchild, Model: 6-440
