

Communication Summary

Information from: Mr. Alvin Lee

Summary & Factual Information: Mr. Lee was asked tell what he knew of the airplane accident. He stated that the pilot intended to fly the airplane to GMJ. He saw the pilot service the airplane with fuel from fuel cans. The witness observed the pilot putting fuel into both of the airplane's fuel tanks. He saw the pilot taxi up and down the runway multiple times. The airplane subsequently departed and he drove to GMJ to pick up the pilot. When the pilot did not arrive, he reported the airplane as missing.

I can attest that the above summary is correct to the best of my knowledge:

Edward F. Malinowski
National Transportation Safety Board
Air Safety Investigator
