

Communication Summary

May 27, 2017

Information from: Detective Lance Dassler, Sheboygan
Sheriff's Office

Summary & Factual Information: Det. Dassler was asked if there were any witness marks outside of the impact area where the airplane came to rest and he indicated that there was no marks consistent with a landing. The only ground scar was at the airplane. He concurred that the site had the appearance of a vertical impact. He indicated that glass debris was found in front of the airplane. He was asked if there was a smell of fuel during the first response and he indicated that there was a light smell of fuel.

I can attest that the above summary is correct to the best of my knowledge:

Edward F. Malinowski
National Transportation Safety Board
Air Safety Investigator
