Hi Pam,

I sign off repairs to this envelope provided they are made in compliance with the MM for Gefa airship's. In order to sign a repair off I have either to see the repair or have proof that it was repaired correctly. I had no knowledge of damage to the envelope early this year and did not sign it off.

Kind regards

Crispin

Hi Crispin,

I recently found out that there was some damage done to the envelope of G-SUNA earlier this year and that David Sullivan did the repair work on it. There was no logbook entry regarding this repair.

Todd Davis, FAA, had a conversation with David Sullivan. David stated that he performs the work in conjunction with your approval and that you sign off on the repair and create the log entry.

I am trying to locate the entry for this repair. I do not have the exact date, but it was earlier this year.

Please let me know if you can provide a copy of the log entry.

Thanks
