Office of Aviation Safety
Central Region
Memorandum for the Record
Witness Reports
CEN17FA248
Catawba Wisconsin
July 1 2017

There was one witness who was driving home from work who observed the airplane. He reported that he heard engine noise, then did not hear engine noise, then heard engine noise again. Then, he saw what he thought were lights of the airplane, and then the lights went out. Another witness (who did not see the airplane), reported that she heard a loud sound.

Both witnesses were in the vicinity of the accident location about the same time the accident occurred.

Alexander Lemishko

Senior Air Safety Investigator
