

MEMORANDUM FOR RECORD

Joshua Lindberg
Aviation Accident Investigator
Aviation Safety

Date: May 26, 2022
Subject: CEN17IA094, Revisions to Final Report

During the NTSB's technical review process, accredited representative to the investigation, the Bureau of Enquiry and Analysis (BEA) for Civil Aviation Safety, provided comments and proposed edits to the draft final report, which were erroneously not incorporated.

Revisions to the final report were made to correctly reflect the factual evidence and analysis of the incident circumstances. Grammar and typographical errors and omissions were also corrected.
