Case Number: 1700005142

Incident Number :1700005142

Information Report

On Tuesday, February 21, 2017, at approximately 0051 hours, Sergeant Bobby Balthrop [REDACTED] and I, Officer K.C. Robinson [REDACTED], were dispatched to the Gainesville Municipal Airport, located at 2300 Airport Drive, Gainesville, Cooke County, Texas, in reference to an aircraft stand-by call. Communications advised that a small airplane had crash landed north of the municipal airport.

Upon arrival, all units arrived North of the airport runways with negative results on locating an airplane. Communications advised that the aircraft was possibly North of the airport property. A white and red, American, Trainer - 2, aircraft, with serial #343 and tail number N6343L, was located South of the runway. I made contact with Bradley Todd Kelly, W/M, D.O.B. [REDACTED], who verbally identified himself, and Ulug Safak Bayramoglu, W/M, D.O.B. [REDACTED] who I identified by Texas Driver License [REDACTED]. Bayramoglu was outside the aircraft at the time of my arrival. I observed a laceration on Bayramoglu's face with an apparent head injury. Bayramoglu refused treatment from Cooke County EMS. Bayramoglu advised the aircraft experienced power failure to the motor while the aircraft was flying. Bayramoglu stated he attempted to assist flying the aircraft when it began to descend.

Kelly was pinned in the aircraft on my arrival. Kelly complained of sever back and leg pain. Gainesville Fire Department and Cooke County EMS removed Kelly from the aircraft and was immediately transported by, CareFlite to the Medical Center of Plano. Kelly advised before departing that power to the motor had failed mid-flight and could not make the runway.

I did not smell an odor of an alcoholic beverage on either subject. Texas State Trooper Rauschuber [REDACTED] arrived and took control of the scene. Airport manager Dave Vinton also responded to the scene and made notification to the FAA.

No further information at this time. KR [REDACTED]
