DCGD\kring\RING, KIRK|2/18/2017|17:47

On 02/18/2017 at approximately 1530 hours, I was dispatched to the parking lot of Western Union Bank located at 12510 Belford Avenue in Englewood, unincorporated Douglas County. I arrived on-scene at approximately 1538 hours and saw the following:

- South Metro Fire Department was located in the parking lot near a red plane that was upside down on the ground.
- There was a part of the plane, that appeared to be landing gear on the west side of the parking lot and the rest of the plane was east of that.

I contacted the crew on Medic 34 of South Metro Fire and spoke to the victim in the back of the ambulance. He was being attended to by the paramedics. He was identified via United States Airforce identification card as well as Colorado driver's license as [REDACTED] He told me the following (paraphrased):

- They were trying to take off from Centennial Airport.
- He didn't know what happened.
- "We just missed 470, and I don't know how."
- He was slow at responding to my questions.
- He provided me with his United States Airforce identification.
- I asked him if he had a driver's license as well, and he was able to hand me his wallet.
- I asked him if he could tell me about the crash, but was unable to provide further detail.
- He was transported via ambulance to Skyridge Medical Center.
- The paramedic informed me that Patara had a possible broken femur.

I then met with the pilot of the plane in another South Metro Fire ambulance located in the parking lot near the plane. I met with him in the back of the ambulance with other paramedics. I identified the pilot via his pilot license and Colorado driver's license as, [REDACTED] He told me the following (paraphrased):

- He was the main pilot of the plane, but they both were flying.
- There were two occupants only in the plane.
- He has been flying for thirty-five years.
- He was attempting his "take off profile" and could not get into the air.

- When they finally did get off of the ground, and were flying south, winds were pushing them back down.
- They "somehow missed the highway" and crashed in the parking lot.
- There were no shoulder belt harnesses in the plane.
- He was released from the scene and said that he was going to the hospital in his personal vehicle.

Afshin told me the following in regards to the plane:

- It is a 1978 Piper Arrow.
- The tail number is n2702R.

Deputy Jorgensen found the registration for the plane on the ground in the parking lot. The following information was on it:

- United States Registration Number is N2702R.
- Aircraft Manufacturer and Model: Piper Arrow PA28R-200.
- Owner is J Alpha Leasing LLC [REDACTED]

The scene was turned over to South Metro Fire Department and the F.A.A.

Nothing further...RP1018
