Subject: Re: NTSB form

Yes I must've misworded my written report sorry yes that is correct. And yes late go around. Is what all caused it

Hi Andrew,

The FAA and I were discussing the accident, and he thought you were making a turn to avoid trees just before the stall.

Also, we were planning to mention a late go-around as a pertinent issue for other pilots to consider as a lesson learned.

Would you say these perspectives are accurate?

Thanks and best wishes,

Mike
