Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

The aircraft sustained damage upon impact with terrain to the undercarriage and both propellers of the aircraft. Several other miscellaneous damage areas are present due to the force sustained during impact, including a large separation at a rivet line of the rear fuselage.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On July 20, 2018 at approximately 2:00 PM local time I began to follow the standard preflight procedure on N327BK. After reviewing all items needed on the aircraft I boarded the aircraft with my passenger and started both engines. I taxied out onto the south ramp at the Baton Rouge Airport, and did a review of all systems before contacting ATC. As instructed I taxied to Runway 31 at KBTR and held short of the runway. While holding short I performed a normal pre-takeoff check of the aircraft including engine run-up on both engines, and all checked normal. Upon obtaining takeoff clearance I aligned the aircraft to the center of the runway and advanced both throttles to takeoff power. With takeoff power set I proceeded with a normal takeoff until after rotation. At that point I felt the right engine not producing full power and losing power. Using my judgment as Pilot-In-Command I felt that it was impossible to put the aircraft back on the runway. At this point I began to clean the airplane up by retracting gear and feathering the right engine. The aircraft would not maintain a sufficient climb to clear terrain and at that point I had no time left. I chose the only possible spot I deemed available and flew the airplane to it. The aircraft impacted terrain and when it stopped I quickly exited with my passenger.
