Mike, Sorry just getting back with you.

Ted Bear height & weight is;
5' 10" & 165 lbs

My height & weight is:
5' 2" & 145 lbs

Hopefully you had some informative results from your investigation with the helicopter yesterday. I'll be anxious to hear some report.
Thank you, Teen

Hi Teen,

When you landed in the field to switch passengers, I wanted to please ask - for the passenger in the front left seat, what was his/her height and weight?

For you in the front right seat, what was your height and weight?

Thank you.

Mike
