Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Aircraft was substantial damaged when it hit the ground from a hover on the the left skid.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

Pilot was unable to file report and was spoke to . Pilot advised the he was planning a short flight in the area. He was alone during the accident . The pilot reported that he was on his property and the aircraft was on a helicopter dolly. He advised that he started the aircraft and got into a hover and moved the aircraft to the right to clear the dolly to a grass area next to the dolly to take off. As the pilot was hovering the aircraft to the right clear the dolly a flock of Canadian geese came flying in to the front and right of the aircraft while it was in a hover next to the dolly. The pilot remembers quickly moving the aircraft back to the right to avoid the birds and that is the last he remembers until after the crash when the aircraft was laying on the left side.
