Yes we had lunch together in the fuel truck. Toward the end of or lunch break we did talk about how the temperature has dropped and the wind had picked up a little. I can't say for sure if Erik checked the weather or not but I do know he usually keeps a good eye on it. I'm sorry but that's all I can recall someone did say while we were getting our harness on that there was a storm approximately an hour and a half out and I can't remember who said that. If you have any more questions I'll be glad to answer them to the best of my knowledge.

I believe Erik was in the same truck as Corey and Eli during lunch, Eli, did you witness him checking the weather? If so, do you know where he checked it? Was there any discussion about the weather?

Thank you,
