| SUBJECT<br>N999CR Accident                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |                  |                    |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |  |                  |                    |
| DIGEST<br>Mr. Darlington's attempt to gain access to the site was in order to capture photographs of the logbooks before they end up being lost or possibly changed by the owner. [He never obtained access due to police security]. Mr. Darlington rents the hangar space to the airplane/owner.<br>Mr. Darlington provided information about the a mechanic that performed work on the aircraft. His name was Dave Cravens. Mr. Darlington, in his opinion, stated the maintenance was not good because Dave would "pencil-whip" the maintenance. Mr. Cravens died of a heart attack last year.<br>Mr. Darlington stated the left started had been change possibly by Sam Pierce (owner) and Spencer Jackson (pilot).<br>Ed Sharp is the main pilot on the Seneca.<br>Plane not flown very much at all. |  |                  |                    |
| CONCLUSION, ACTION TAKEN, OR REQUIRED<br>FAA SPAS shows a David K Cravens in Daleville, IN. It shows he holds a private pilot certificate and mechanic certificate. Mr. Darlington stated Mr. Cravens died of a heart-attack about a year ago.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |                  |                    |
