Mr. Baker,

The engine crew that was working that day of the crash happened to be working today. They recalled the crash like it just happened. They said there no drugs issued to patient. He had a weak pulse upon arrival and by the time they hooked up the heart monitor he had no pulse. Due to the severity of the injuries, the Supervisor with Lifecare Ambulance called the patient and the Lorain County Coroner was contacted. If you have any other questions, please feel free to contact me.

Thank you,

Stephen Higgins, Fire Chief
Carlisle Township Fire Department
