1 I, Along Vang (DOB [REDACTED] and wife were driving home from work. We were traveling eastbound on
2 Dutchman Rd. approaching Memory Ln. in the Town of Ledgeview, Brown County, WI. I observed a white
3 airplane traveling north bound, flying low to the ground and struck a black truck on the roadway. The truck
4 and airplane went into the ditch and I lost sight of them. We continued eastbound on Dutchman Rd. until we
5 arrived on scene to assist in any way possible. I approached the truck and I observed a male in the front seat. I
6 noticed blood coming out of his nose and he was breathing. I did not observe the pilot in the plane so we
7 looked around and located him near the ditch line. I observed the male laying on his back and it appeared that
8 he was not breathing or moving. I then went back to the truck and a Deputy arrived on scene. A short time
9 later, I left the scene because I wanted police and rescue to have their space to process the scene. Later that
10 night, I realized that my Garmin dash camera was recording during the crash. I called law enforcement and
11 later turned over the video recording. END.

I have given this statement of my own free will and no force, threats or promises were made to me to obtain this statement of 1 pages. It is true and correct to the best of my knowledge. Deputy B. [REDACTED] has read the statement to me and I have read it.
