Subject: – CEN20FA098, N840GS
Date: 02/26/2020

Mr. Delaughter stated he was driving on highway 208 north near Ogden Road when he observed the helicopter. He said he was looking over a corn field and the helicopter was hovering. He could not tell if the helicopter was over the corn field or over the airstrip. He said he saw this 30-45 minutes before the accident. He knew the approximate time because he was a volunteer fireman and based his estimations of when he saw the helicopter flying from when he received the call to respond to the accident. He said he was the second person to respond to the scene.
