Yes, on Sunday I noticed runway lights as I drove to the hangar to inspect the engine. I took a picture of a box of runway lights in the Hanger. I asked Mr. Hughes if these were the runway lights and he said yes. **I have a picture of the runway from Saturday, no lights.**

Best regards,

Robert N. McGee

But then on Sunday you noticed that there were runway lights that had been placed out on runway? (that weren't there on Saturday?)

Thanks

Mike

Greetings Mike,

I don't recall seeing the runway lights only the red ones at the end of the runway.

Best regards,
