Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Wednesday July 8/2020

Raining in the morning and delayed start time to 0700. Flew till 1000 and shut down early due to increase in winds. Split duty day and began spraying in the evening when winds calmed starting at 1700 - 2130. We were caught up for the day and shut down before dark. Matthias was in good spirits after having a good day of flying. In the morning he flew 2.2 flight time and in the evening he flew 2.5 flight time. Total for the day 4.7 flight time.

Thursday July 9/2020

The day began at 0530. Matthias had sprayed 2 loads of insecticide first thing. His 3rd load of the day was to field SW 2-1-1E. There were no power lines, obstacles or obstructions located on the field. The field was a wide open 82 acre field along the Canada/USA border. The safest direction to spray the field had prior been determined as North/South. He was loaded with 35 gal of 100LL Avgas, 2 jugs of Gramba fungicide and a total quantity of 80 gal water into the aircraft. The front windshield was also washed. He took off prior to 0800 to head to the field. At 0748 Steven Kiansky received a phone call from Matthias confirming field information. Steven confirmed the information and Matthias proceeded to spray. That call ended in 52 seconds. After 0800 the winds, locally, began to gust up to 30 kt. Around 0830 Steven texted Matthias to come back and land as winds were no longer suitable for spraying. No response was heard back from Matthias. At 0835 he was overdue and when no response was heard from Matthias, Rudy Gerzen, Brother-in-law and co-worker of Matthias had been sent to look for him at 0835. Steven Kiansky followed behind at 0845 to help in the search for Matthias. Once they arrived at the field to be sprayed they could see the accident and emergency personnel on site. The accident occurred while Matthias was in a turn south of the field he had intended to spray which, due to the location of the field, happened to settle on the USA side of the border.
