NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

On July 8 at approximately 9:45 AM in clear weather conditions 80 degrees with no wind I was alone surveying the marsh/swamp in south Louisiana and incured a power failure at 30 feet altitude. I performed an emergency landing. As I touched down the left skid quickly sank in the soft ground enough to cause the blades and tail cone to hit the ground. The helicopter continued to sink as I waited 3.5 hours for help to arrive. With the help of two airboats and 10 people we were able to recover the aircraft from the swamp and by 8 PM we loaded it on my trailer. I made the decision to remove the helicopter from the swamp beacuse it was sinking and I thought we might not be able to find it by morning. The next morning I drove back to Texas with the aircraft. I suffered no injuries.
