The plane had been running for roughly 20 minutes prior to crash. I heard it as I arrived to the rest stop at 6 for work.

I had stopped at rest area to use restroom. When I
came out saw the plane flying above my truck
and was flying strange. Watching it was going side to
side but could not hear the engine at all. The plane
came back up and then went to left side and
went into a nose dive and immediately burst
into flames and then heard small explosions
and all kinds of smoke.

Was eastbound on I 196, saw plane lights moving oddly
in the sky. Saw red wing light, then green. Then, the
plane nosed straight down. Heard a pop, saw a
flash and smoke and pulled into the rest area to
render assistance. Upon arrival at site, no survivors
were evident and plane was fully on fire.
