

ON 23 SEPT @ APPROXIMATELY 11:40 AM
I MADE A EMERGENCY LANDING IN A PASTURE
DUE TO ENGINE FAILURE, THE FLIGHT
ORIGINATED AT TOUSSAINT AIR PARK OH
AT 9:37 AM, MY 1ST FUEL STOP WAS
PLANNED FOR MARSHALL CO (KMPG) 1
12 MILES PRIOR TO ARRIVING AT
KMPG THE ENGINE FAILED. I KNEW THAT
MAKING MARSHALL WAS IMPOSSIBLE SO
I MADE A 180° TURN TO TRY TO
MAKE IT TO ALDERMAN FIELD
WHEN IT BECAME APPARENT THAT I COULD
NOT MAKE ALDERMAN, I SELECTED A
OPEN PASTURE, ACTIVATED MY ELT, CALLED
MADAM 3 OR FOUR TIMES ON 122.7..
MARSHALL'S CFI AND PERFORMED A
SHORT FIELD EMERGENCY POWER OFF
LANDING. I WAS NOT INJURED
